Good afternoon.

I am still waiting for a response from anyone at City Hall regarding the fact that Linda Joseph is not legally entitled to have her "home" address redacted from public records. Furthermore, I would like to reiterate that she has never filed a signed and notarized Public Records Exemption Request **required by the Florida Department of State** in order to be eligible for a publicly redacted address.

Accordingly, kindly provide an unredacted copy of the referenced Incident/Investigation Report #PCN 2026102709 as soon as possible. I am again making this request in accordance with Chapter 119 of the Florida Statutes, as well as Article I, Section 24 of the Florida Constitution, which establishes the constitutional right of access to public records.

Thank you in advance for your prompt response.

Stephanie Kienzle
