Dear Chief Pinillos, City Manager Williams, and City Clerk Bernard,

Thank you for providing my public record in the form of the above referenced policy report filed by Linda Joseph, a copy of which is attached hereto.

I would like to know why the Complainant's address was redacted. According to Florida Statute **F.S. 119.071(4)(d)2,** there are twenty-five (25) categories of public officials that are entitled by law to have their personal information redaction, per the attached list.

Furthermore, on August 30, 2026 I requested from the Florida Department of State a copy of any Public Records Exemption Request Form on file for Linda Joseph, a/k/a Linda Joseph Noel, and to date, no such form has been located.

According to that same Florida Statute, a city clerk is generally not required—and often not legally allowed—to proactively redact an eligible professional's home address from existing public records unless a formal written request or Exemption Form has been submitted.

Therefore, according to Florida Law, I am requesting a copy of the unredacted Police Report as above referenced.

Thank you for your assistance,

Stephanie Kienzle
